OBJECTIVE

Results-driven Computer Science Engineer passionate about building scalable, AI-driven, and full-stack web solutions. Skilled in modern web technologies, automation, and user-centric design. Seeking opportunities to leverage technical expertise in software development and innovation-driven projects.

EXPERIENCE

Freelance Full-Stack Developer

Jan 2023 - Present

- Designed, built, and deployed scalable web applications using MERN and PHP stacks.
- Delivered AI-integrated projects combining APIs, automation, and interactive dashboards.
- Optimized front-end and backend workflows, improving system performance and user experience by 30%.
- Collaborated with clients to define requirements, implement tailored solutions, and maintain high project satisfaction rates.

PROJECTS

AI Bargain Hunter (AI-powered Shopping Assistant)

An intelligent shopping assistant that helps users find the best deals on electronics in India.

Key Features:

- Smart search with advanced price filters.
- Real-time deal fetching using PHP and Python APIs.
- AI-powered chat interface for product queries and deal recommendations.
- Glassmorphism-inspired UI for a modern and minimal user experience.
- Tech Stack: HTML, PHP, Python, JavaScript, CSS, AI Integration

Compost Service Platform (Multi-role Service Management System)

A dynamic online platform designed to connect users, service providers, and administrators.

Key Features:

- Role-based dashboards for users, service providers, and admins.
- Service booking, provider verification, and service listing management.
- Location-based filtering and responsive UI using Tailwind CSS.
- Tech Stack: HTML, CSS, JavaScript, PHP, MySQL

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Aug 2023 - Aug 2027

Lovely Professional University

SKILLS

- Programming & Tools:** JavaScript, React, Node.js, Express.js, PHP, Python, MySQL, MongoDB, Tailwind CSS, Git
- AI & Automation:** OpenAI API, OpenRouter API, Chatbot Development, Predictive Systems
- Development:** REST API Design, Responsive UI/UX, Deployment, Debugging, Optimization
- Soft Skills:** Problem Solving, Client Communication, Strategic Thinking, Time Management
